

SCHOOL-BASED MEDICAID

ABOUT

NWRES D provides Oregon school districts with Medicaid school based services

\$15

Million MAC reimbursements

71%

of Oregon students qualify for Medicaid

*June 2024

Our team partners with Oregon school districts to establish Medicaid reimbursement programs. We assist with program startup, policy, compliance, and training accepted by the Oregon Health Authority.

Medicaid reimburses schools for health and related services included on a Medicaid-eligible student's individual plan of care. Oregon Health Plan covered services will be reimbursed up to .61 of every \$1.00 spent on these services.

SCHOOL MEDICAID SERVICES*

- Audiology and Speech services
- Occupational and Physical therapy services
- Nurse services and delegated healthcare
- Professional counseling services and social work
- Transportation services
- TSPC Licensed mental health services (coming in 2025)

MEDICAID ADMINISTRATIVE CLAIMING PARTICIPANTS

- Administrators and Confidential
- Classified and Licensed
 - Aides and assistants
 - Behavioral and mental health specialists
 - Occupational and physical therapists
 - School nurses
 - Secretaries
 - Speech language pathologists
 - Teachers

The Medicaid Administrative Claiming (MAC) program reimburses districts for time spent on administrative activities associated with

- Outreach and enrollment
- Program planning
- Referral and care coordination
- Transportation and translation

Funds received from program participation allows schools to reinvest in valuable health and social services including . . .

- Behavioral and mental health specialists
- Drowning prevention programs
- First Aid, CPR training and equipment
- Fresh water access
- Menstrual dignity services
- Nursing services and supplies
- School-based health center (co-pays, screenings, etc.)
- Specialized transportation
- Suicide prevention program
- School wellness activities
- Wheel chair accessible playground

*Some reimbursable services and/or projects may not be listed.

“The Seaside School District uses funds received from participation in the Medicaid Administrative Claiming (MAC) program to support the salaries and supplies of our health services team. Since 2022, the increase in MAC funds has allowed us to add a full-time elementary school health assistant to support the growing number of students with individual health plans and daily aide the staff with multiple health-related services”

Ashley Nelson
Seaside School District
