

1

There are a two options to select students for an intervention.

The first one is to check the box next to the student search to select all the listed students.

Alternatively, you can select students individually by clicking on each box.

2

3

Once you have selected a student, or group of students, click on **Add to intervention**.

Select the **Start Date** for your intervention

4

Select the **assessment measures** you will use to monitor progress. You can add more than one.

5

Scroll down and select the **curriculum** you will use.

6

7 Type the name of the person responsible for the intervention.

<p> 13</p>	
<p> As an optional tool, you can write a note that will be added to all the students that are part of the intervention</p>	<p>14</p> 
<p> Click Submit once you complete the previous tasks.</p>	<p>15</p> 

A message will pop up letting you know that the intervention group was created.

16

The screenshot shows the iorad MTSS interface. At the top, a green confirmation message box with a checkmark and 'OK' button is highlighted with a pink border. Below it, there's a 'Curriculum' dropdown menu and 'Reset' and 'Reload' buttons. The main area is titled 'to intervention' and includes filters: 'Filtered by ORF-WC X' and 'Sorted by ORF-WC ↑ X'. There are 'Read Only' and 'Edit Mode' buttons. Below the filters are five columns of intervention groups, each with a table of scores. The columns are labeled 'iReady COMP-OVR', 'iReady COMP-INF', 'iReady COMP-LIT', 'iReady OREAD', and 'iReady VOC'. Each table has three rows of scores.

iReady COMP-OVR	iReady COMP-INF	iReady COMP-LIT	iReady OREAD	iReady VOC
579 -	579 -	572 -	579 -	579 -
516 - 579	516 - 579	516 - 572	513 - 579	516 - 579
0 - 516	0 - 516	0 - 516	0 - 513	0 - 516
