The system allows us to change any of the options found in this window.

5

For this example, we'll only increase the frequency from Weekly to Daily.

<p>6</p> <p>The only edit option available outside of the intervention goal is changing the student goal.</p> <p>To access this option, scroll to the top of the page and select Change Goal</p>	
<p>7</p> <p>We'll insert the new goal value and click Submit.</p>	
<p>8</p> <p>Refresh the page to have the changes reflected.</p>
